INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members
of the Township Council
Township of Irvington
Irvington, New Jersey 07111

Report on the Financial Statements

We have audited the financial statements - regulatory basis of the various funds and account groups of the Township of Irvington, in the County of Essex, as of and for the years then ended December 31, 2018 and 2017 and the related notes to the financial statements, as listed in the foregoing table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements - regulatory basis in accordance with accounting principles prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements - regulatory basis based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements - regulatory basis are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements - regulatory basis. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements - regulatory basis, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Township's preparation and fair presentation of the financial statements - regulatory basis in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements - regulatory basis.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, these financial statements - regulatory basis have been prepared in conformity with accounting principles prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to demonstrate compliance with the modified accrual basis, with certain exceptions, and the budget laws of New Jersey. The effects on the financial statements - regulatory basis of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "*Basis for the Adverse Opinion on U.S. Generally Accepted Accounting Principles*" paragraph, the financial statements - regulatory basis referred to in the first paragraph, do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Township as of December 31, 2018 and 2017, and the results of its operations for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements - regulatory basis referred to above, present fairly, in all material respects, the financial position of the various funds of the Township of Irvington at December 31, 2018 and 2017, and the results of operations and changes in fund balance, where applicable, of such funds, thereof for the years then ended, in accordance with accounting principles on the basis of financial reporting provisions prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, as described in Note 1.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements - regulatory basis that collectively comprise the Township's financial statements - regulatory basis. The supplementary schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements - regulatory basis. The accompanying schedule of expenditures of federal awards is not a required part of the financial statements - regulatory basis, and is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Uniform Guidance.

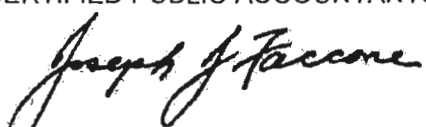

The supplementary schedules and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements - regulatory basis. Such information has been subjected to the auditing procedures applied in the audit of the financial statements - regulatory basis and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements - regulatory basis or to the financial statements themselves, and other additional procedures in accordance with auditing standards and the schedule of expenditures of federal awards generally accepted in the United States of America. In our opinion, the supplementary schedules are fairly stated, in all material respects, in relation to the financial statements - regulatory basis taken as a whole.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township's financial statements - regulatory basis are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. We noted certain matters, however, that we have reported and described in Part II of the accompanying "Report on Examination of Accounts".

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing and not to provide an opinion on the effectiveness of the Township of Irvington's internal control or on compliance. This report is an integral part of the audit performed in accordance with *Government Auditing Standards* in considering the Township of Irvington's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

NOTES TO FINANCIAL STATEMENTS

TOWNSHIP OF IRVINGTON

NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Township of Irvington is organized as a Council-Mayor municipality under the provisions of N.J.S. 40:69A-115 et seq. The Township is "governed by an elected Council and an elected Mayor, and by such other officers and employees as may be duly appointed. The Council shall consist of seven members, three of which are elected at large by voters of the municipality and shall serve for a term of four years beginning on the first day of July next following their election. The Mayor is also elected directly by the voters of the municipality at the regular municipal election and shall also serve a term of four years beginning the first day of July following the election".

The financial statements - regulatory basis of the Township of Irvington include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Township, as required by the provisions of N.J.S. 40A:5-5. The financial statements, however, do not include the operations of the Municipal Library, which is a separate entity subject to a separate examination.

B. Description of Funds

The Governmental Accounting Standards Board ("GASB") is the recognized standard setting body for establishing governmental accounting and financial reporting principles. The GASB establishes three fund types and two account groups to be used by governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America (GAAP).

However, the accounting policies of the Township of Irvington conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, and State of New Jersey. These principles are an "Other Comprehensive Basis of Accounting" (OCBOA) which differs from accounting principles generally accepted in the United States of America ("GAAP") for governmental entities. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township of Irvington accounts for its financial transactions through the following separate funds and an account which differs from GAAP:

Current Fund - Encompasses resources and expenditures for basic governmental operations. Fiscal activity of Federal and State grant programs are reflected in a segregated section of the Current Fund.

Trust Funds - The records of receipts, disbursements and custodianship of monies in accordance with the purpose for which each account was created are maintained in Trust Funds. These include the Animal Control Trust Fund, General Trust Fund, Insurance Trust Fund and Grant Trust Fund for specific programs. The General Trust Fund encompasses accounts of activity for Payroll Deductions, Special Deposits and other purposes.

General Capital Fund - The receipts and expenditure records for the acquisition of general infrastructure and other capital facilities, other than those acquired in the Current Fund, are maintained in this Fund, as well as related long-term debt accounts.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Description of Funds (Continued)

Capital Fixed Assets - These accounts reflect estimated valuations of land, buildings and certain movable fixed assets of the Township as discussed under the caption of "Basis of Accounting".

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, differ in certain respects from accounting principles generally accepted in the United States of America. The accounting system is maintained on the modified accrual basis with certain exceptions. Significant accounting policies in New Jersey are summarized as follows:

Property Taxes and Other Revenue

Property taxes and other revenue are realized when collected in cash or approved by regulation for accrual from certain sources of the State of New Jersey and the Federal Government. Accruals of taxes and other revenue are otherwise deferred as to realization by the establishment of offsetting reserve accounts. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

Grant Revenue

Federal and State grants, entitlements or shared revenue received for purposes normally financed through the Current Fund are recognized when anticipated in the Township of Irvington budget. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual.

Expenditures

Expenditures for general and utility operations are generally recorded on the accrual basis. Unexpended appropriation balances, except for amounts which may have been cancelled by the governing body or by statutory regulation, are automatically recorded as liabilities at December 31st of each year, under the title of "Appropriation Reserves". Amounts unexpended at the end of the second year are lapsed and are recorded as income.

Grant appropriations are charged upon budget adoption to create separate spending reserves.

Budgeted transfers to the Capital Improvement Fund are recorded as expenditures to the extent permitted by law.

Expenditures from Trust and Capital Funds are recorded upon occurrence and charged to accounts statutorily established for specific purposes.

Budget Appropriations for interest on General Capital Long-Term Debt is raised on the cash basis and is not accrued on the records; interest on Utility Debt is raised on the accrual basis and so recorded.

GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

C. **Basis of Accounting (Continued)**

Encumbrances

As of January 1, 1986, all local units were required by Technical Accounting Directive No. 85-1, as promulgated by the Division of Local Government Services, to maintain an encumbrance accounting system. The directive states that contractual orders outstanding at December 31st are reported as expenditures through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures under GAAP.

Appropriation Reserves

Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

Compensated Absences

Expenditures relating to obligations for unused vested accumulated sick and vacation pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

Property Acquired for Taxes

Property Acquired for Taxes (Foreclosed Property) is recorded in the Current Fund at the assessed valuation during the year when such property was acquired by deed or foreclosure and is offset by a corresponding reserve account. GAAP requires such property to be recorded in the capital fixed assets account at market value on the date of acquisition. A foreclosed property register is not maintained by the Township.

Self-Insurance Contributions

Contributions to self-insurance funds are charged to budget appropriations. GAAP requires that payments be accounted for as an operating transfer and not as an expenditure.

Interfunds Receivable

Interfunds Receivable in the Current Fund are generally recorded with offsetting reserves which are established by charges to operations. Collections are recognized as income in the year that the receivables are realized. Interfunds Receivable of all other funds is recorded as accrued and are not offset with reserve accounts. Interfunds Receivable of one fund are offset with Interfunds Payable of the opposite fund. GAAP does not require the establishment of an offsetting reserve.

Inventories of Supplies

Materials and supplies purchased by all funds are recorded as expenditures.

An annual inventory of materials and supplies for utilities is required, by regulation, to be prepared by Township personnel for inclusion on Utility Operating Fund Balance Sheets. Annual charges in valuations, offset with a Reserve Account, are not considered as affecting results of operations. Materials and supplies of other funds are not inventoried nor included on their respective balance sheets.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Accounting (Continued)

Capital Fixed Assets

In accordance with Technical Accounting Directive No. 85-2, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from GAAP, the Township of Irvington has developed a fixed asset accounting and reporting system.

GAAP requires that fixed assets be capitalized at historical or estimated historical cost if actual historical cost is not available. Depreciation on utility fixed assets should also be recorded.

Capital fixed assets used in governmental operations (general fixed assets) are accounted for in the Capital Fixed Assets. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

Acquisitions of land, buildings, machinery, equipment and other capital assets are recorded on a perpetual fixed asset record.

Vehicles, furniture, equipment and other items are reflected at replacement values at time of inventory preparation. Additions to the established fixed assets are valued at cost.

Depreciation of assets is not recorded as an operating expense of the Township.

D. Basic Financial Statements

The GASB Codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be in accordance with GAAP. The Township of Irvington presents the financial statements listed in the table of contents which are required by the Division of Local Government Services and which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

E. Other Accounting Standards

The Township is currently reviewing the following for applicability and potential impact on the financial statements:

- GASB Statement No. 84. "*Fiduciary Activities*". The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria is included to identify component units and postemployment benefit arrangements that are fiduciary activities.

Effective Date: The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. The Township does not expect this Statement to impact its financial statements.

- GASB Statement No. 87. "*Leases*". The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Other Accounting Standards (Continued)

Effective Date: The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged.

GASB Statement No. 88. "*Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements*". The primary objective of this Statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt.

Effective Date: The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. The Township is currently reviewing what effect, if any, this Statement might have on future financial statements.

- GASB Statement No. 89. "*Accounting for Interest Cost Incurred before the End of a Construction Period*". The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period.

Effective Date: The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged. The requirements of this Statement should be applied prospectively. The Township does not expect this Statement to impact its financial statements.

- GASB Statement No. 90. "*Majority Equity Interests*" - *An Amendment of GASB Statements No. 14 and No. 61*". The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. A majority equity interest that meets the definition of an investment should be measured using the equity method, unless it is held by a special purpose government engaged only in fiduciary activities, a fiduciary fund, or an endowment (including permanent and term endowments) or permanent fund. Those governments and funds should measure the majority equity interest at fair value.

Effective Date: The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. Earlier application is encouraged. The requirements should be applied retroactively, except for the provisions related to (1) reporting a majority equity interest in a component unit and (2) reporting a component unit if the government acquires a 100 percent equity interest. Those provisions should be applied on a prospective basis. The Township does not expect this Statement to impact its financial statements.

- GASB Statement No. 91. "*Conduit Debt Obligations*". The objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures.

Effective Date: The requirements of this Statement are effective for reporting periods beginning after December 15, 2020. Earlier application is encouraged. The Township does not expect this Statement to impact its financial statements.

2. CASH, CASH EQUIVALENTS AND INVESTMENTS

A. Cash and Cash Equivalents

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey, which are insured by the Federal Deposit Insurance Corporation (FDIC) or any other agencies of the United States that insures deposits or the State of New Jersey Cash Management Fund.

The State of New Jersey Cash Management Fund is authorized by statute and regulations of the State Investment Council to invest in fixed income and debt securities which mature or are redeemed within one year. Twenty-five percent of the Fund may be invested in eligible securities which mature within two years provided, however, the average maturity of all investments in the Fund shall not exceed one year. Collateralization of Fund Investments is generally not required.

In addition, by regulation of the Division of Local Government Services, municipalities are allowed to deposit funds in the Municipal Bond Insurance Association (MBIA) through their investment management company, the Municipal Investors Service Corporation.

In accordance with the provisions of the Governmental Unit Deposit Protection Act of New Jersey, ("GUDPA"), public depositories are required to maintain collateral for deposits of public funds that exceed insurance limits as follows:

The market value of the collateral must equal five percent of the average daily balance of public funds or

If the public funds deposited exceed 75 percent of the capital funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent.

All collateral must be deposited with the Federal Reserve Bank, The Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.00.

B. Investments

New Jersey statutes permit the Township to purchase the following types of securities:

- . Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America. This includes instruments such as Treasury bills, notes and bonds.
- . Government money market mutual funds.
- . Any Federal agency or instrumentality obligation authorized by Congress that matures within 397 days from the date of purchase, and has a fixed rate of interest not dependent on any index or external factors.
- . Bonds or other obligations of the local unit or school districts of which the local unit is a part.
- . Any other obligations with maturities not exceeding 397 days, as permitted by the Division of Investments.
- . Local government investment pools, such as New Jersey CLASS, and the New Jersey Arbitrage Rebate Management Program.
- . New Jersey State Cash Management Fund.
- . Repurchase agreements of fully collateralized securities, subject to special conditions.

2. CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

B. Investments (Continued)

In addition, a variety of State laws permit local governments to invest in a wide range of obligations issued by State governments and its agencies.

As of December 31, 2018, the Township had funds on deposit in checking and New Jersey Cash Management accounts. The amount on deposit of the Township's Cash and Cash Equivalents as of December 31, 2018 was \$20,531,780.32. These funds constitute "deposits with financial institutions" as defined by GASB Statement No. 40. There were no securities categorized as investment as defined by GASB Statement No. 40.

3. TAXES AND TAX TITLE LIENS RECEIVABLE

Property assessments are determined on true values and taxes are assessed based upon these values. The residential tax bill includes the levies for the Township, County and School (add any special districts) purposes. Certified adopted budgets are submitted to the County Board of Taxation by each taxing district. The tax rate is determined by the Board upon the filing of these budgets.

The tax bills are mailed by the Tax Collector annually in June and are payable in four quarterly installments due the first of August and November of the current year and a preliminary billing due the first of February and May of the subsequent year. The August and November billings represent the third and fourth quarter installments and are calculated by taking the total year tax levy less the preliminary first and second quarter installments due February and May. The preliminary levy is based on one-half of the current year's total tax.

Tax installments not paid by the above due dates are subject to interest penalties determined by a resolution of the governing body. The rate of interest in accordance with the aforementioned resolution is 8% per annum on the first \$1,500.00 of delinquency and 18% on any delinquency in excess of \$1,500.00. The resolution also sets a grace period of ten days before interest is calculated. In addition, any delinquency in excess of \$10,000.00 at the end of the calendar year is subject to a 6% penalty on the unpaid balance.

Taxes unpaid on the 11th day of the eleventh month in the fiscal year when the taxes became in arrears are subject to the tax sale provisions of the New Jersey statutes. The municipality may institute in rem foreclosure proceedings after six months from the date of the sale if the lien has not been redeemed.

The following is a five year comparison of certain statistical information relative to property taxes and property tax collections for the current and previous four years:

4. SPECIAL IMPROVEMENT DISTRICT

Two special improvement districts, the Springfield Avenue Center Special Improvement District and the Camptown Business Improvement District were established by ordinances of the Township of Irvington adopted on November 25, 1997 and November 9, 2000, respectively. These districts were established in accordance with the provisions of N.J.S.A. 40:56-65 for the purposes of promoting the economic and general welfare of the district and the Township and to make improvements designated to increase the safety and attractiveness of the district to prospective businesses.

Tax levies were calculated on individual tax rates based on the fiscal year budgetary requirements for each district.

5. PROPERTY ACQUIRED BY TAX TITLE LIEN LIQUIDATION

The value of property acquired by liquidation of tax title liens, on the basis of the last assessed valuation of such properties in the year of acquisition, was as follows:

<u>Year</u>	<u>Amount</u>
2018	\$ 2,877,300.00
2017	2,877,300.00
2016	2,877,300.00
2015	2,877,300.00
2014	2,877,300.00

6. SEWER CHARGE ACCOUNTS RECEIVABLE

The Township of Irvington maintains a Utility Account within the Current Fund for the billing and collection of sewer rents. The Township is divided into six sections for the purposes of billings which are done once a year.

A comparison of sewer rent billings and collections for the past five years are as follows:

<u>Year</u>	<u>Billing</u>	<u>Collections</u>
2018	\$ 5,670,532.55	\$ 5,450,867.09
2017	5,739,863.47	5,992,710.11
2016	5,543,546.69	5,200,553.91
2015	5,532,970.41	5,030,786.17
2014	5,575,468.16	5,116,834.09

The sums of billings and collections include interest penalties in undetermined amounts. Realization of prior year unpaid balances are also included in the collections above.

7. PENSION PLANS

Description of Systems

Substantially all of the Township's full-time employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Public Employees' Retirement System (PERS) or the Police and Firemen's Pension Fund (PFRS):

Public Employees' Retirement System:

The State of New Jersey, Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about PERS, please refer to the Division's Comprehensive Annual Financial Report (CAFR), which can be found at <http://www.nj.gov/treasury/pensions/financial-reports.shtml>.

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after twenty-five (25) years of service or under the disability provisions of PERS.

7. PENSION PLANS (Continued)

Description of Systems (Continued)

Public Employees' Retirement System: (Continued)

The following represents the membership tiers for PERS:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2017
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tier 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 or more years of service credit before age 62 and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Police and Firemen's Retirement System:

The Police and Firemen's Retirement System (PFRS) is a cost-sharing multiple-employer defined benefit plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about PFRS, please refer to Division's Comprehensive Annual Financial Report (CAFR), which can be found at <http://www.nj.gov/treasury/pensions/financial-reports.shtml>.

The vesting and benefit provisions are set by N.J.S.A. 43:16A. PFRS provides retirement as well as death and disability benefit. All benefits vest after ten years of service, except disability benefits, which vest after four years of service.

The following represents the membership tiers for PFRS:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to May 22, 2010
2	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
3	Members who were eligible to enroll on or after June 28, 2011

7. PENSION PLANS (Continued)

Description of Systems (Continued)

Police and Firemen's Retirement System: (Continued)

Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation for each year of creditable service up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (Tiers 1 and 2 members) and 60% (tier 3 members) of final compensation plus 1% for each year of creditable service over 25 years, but not to exceed 30 years. Members may elect deferred retirement benefits after achieving ten years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service.

Contributions Required to be Made

The contribution policy for PERS is set by N.J.S.A. 43:15A and for PFRS is set by N.J.S.A. 43:16A and requires contributions by active members and contributing employers. Employee contributions for 2018 were seven and 34/100th percent (7.34%) and effective July 1, 2018, employee contributions were increased to seven and 50/100th percent (7.50%) for PERS and 10% for PFRS of the employee's base wages. Employer's contributions are actuarially determined annually by the Division of Pensions.

The local employers' contribution amounts are based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 is an option for local employers of PERS and PFRS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets.

The Township's contributions to the plan for the past three (3) years are as follows:

	PERS		
	2018	2017	2016
Covered Payroll	\$ 10,774,567	\$ 10,326,779	\$ 9,583,215

Total Contributions Employer Share	1,472,016	1,286,091	1,231,937
Percent of Covered Employee - Payroll	13.66%	12.45%	12.86%
Employee's Share	806,124	750,818	673,120
Percent of Covered Payroll	7.48%	7.27%	7.02%

All contributions were equal to the required contributions for each of the three (3) years, respectively.

Due to the employee contribution percent changing July 1st of every year, the percent of covered payroll is an average of the first two quarters and the last two quarters of the year.

Pension (PERS) Accrual

The Township is required to report on its financial statements on an "Other Comprehensive Basis of Accounting" (OCBOA) Regulatory Basis, which does not require an accrual for its obligations inclusive of pension. If the Township were required to reflect the obligation under Generally Accepted Accounting Principles (GAAP) then an accrual for the PERS obligation due April 1, 2019 would be needed in the amount of \$1,472,016.00 since the obligation relates to the period December 31, 2018 and prior. The accrual (under GAAP) would affect the fund balance at year end.

All contributions were equal to the required contributions for each of the three (3) years, respectively.

Pension (PFRS) Accrual

The Township is required to report on its financial statements on an "Other Comprehensive Basis of Accounting" (OCBOA) Regulatory Basis, which does not require an accrual for its obligations inclusive of pension. If the Township were required to reflect the obligation under Generally Accepted Accounting Principles (GAAP) then an accrual for the PFRS obligation due April 1, 2019 would be needed in the amount of \$7,453,792.00 since the obligation relates to the period December 31, 2018 and prior. The accrual (under GAAP) would affect the fund balance at year end.

The information for PERS was abstracted from State of New Jersey Public Employees' Retirement System Schedules of Employer Allocations and Schedules of Pension Amounts by Employer as of June 30, 2018 and June 30, 2017 Independent Auditor's Report dated May 15, 2019 and April 27, 2018, respectively.

The Township's reported liability of \$103,164,026.00 and \$122,529,415.00 for its proportionate share of the net pension liability at December 31, 2018 and December 31, 2017, respectively. The net pension liability was measured as of June 30, 2018 and June 30, 2017 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of those dates. The Township's proportion of the net pension liability was based on a projection of the Township's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined.

The \$10,563,454.00 reported as deferred outflows of resources related to pensions resulting from entities' contributions subsequent to the measurement date (i.e. for the Township year ending December 31, 2018, the plan measurement date is June 30, 2018) will be recognized as a reduction of the net pension liability in the Township year ended December 31, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense based on local share as follows:

<u>Year Ended December 31,</u>	<u>Amount</u>
2019	\$ 202
2020	(2,800)
2021	(20,078)
2022	(17,404)

Actuarial Assumptions

The total pension liability for the June 30, 2018 measurement date was determined by an actuarial valuation as of July 1, 2017, which rolled forward to June 30, 2018. This actuarial valuation used the following actuarial assumptions:

Inflation	2.25 Percent
Salary Increases:	
Through 2026	1.65 - 4.15 Percent (based on age)
Thereafter	2.65 - 5.15 Percent (based on age)
Investment Rate of Return	7.00 Percent

Mortality Rates

Preretirement mortality rates were based on the RP-2000 Employee Preretirement Mortality Table for male and female active participants. For local employees, mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Post-retirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (set back 1 year for males and females) for service retirements and beneficiaries of former members and a one-year static projection based on mortality improvement Scale AA. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back 3 years for males and set forward 1 year for females).

The actuarial assumptions used in the July 1, 2017 valuation were based on the results of an actuarial experience study for the period July 1, 2011 to June 30, 2014. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates; the larger the impact on future financial statements.

Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2018) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Public Employees Retirement System (PERS) (Continued)

Long-Term Rate of Return (Continued)

Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2018 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>

Non-U.S. Developed Markets Equity	11.50	9.00
Emerging Markets Equity	6.50	11.64
Buyout/Venture Capital	8.25	13.08

Discount Rate

The discount rate used to measure the total pension liability was 5.66% as of June 30, 2018. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.87% as of June 30, 2018 based on the Bond Buyer GO 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contribution rate in the most recent fiscal year. The local employers contributed 100% of their actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2046.

Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2046, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued Financial Report for the State of New Jersey Public Employees' Retirement System (PERS) or by visiting their website at www.state.nj.us/treasury/pensions.

Police and Firemen's Retirement System (PFRS)

The information for PFRS was abstracted from State of New Jersey Police and Firemen's Retirement System Schedules of Employer Allocations and Schedules of Pension Amounts by Employer as of June 30, 2018 and June 30, 2017 Independent Auditor's Report dated May 15, 2019 and April 27, 2018, respectively.

The Township reported liability net of the Special Funding situation, as \$103,164,026.00 and \$122,529,415.00 for its proportionate share of the net pension liability at December 31, 2018 and December 31, 2017, respectively. The net pension liability was measured as of June 30, 2018 and June 30, 2017 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of those dates. The Township's proportion of the net pension liability was based on a projection of the Township's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined.

Additional Information:

Collective (local employers) balances at June 30, 2018 and June 30, 2017 are as follows:

	<u>June 30, 2018</u>	<u>June 30, 2017</u>

Township's Proportion (of Local Group)	0.7936836725%	0.7623906647%

A special funding situation exists for the local employers of the Police and Firemen's Retirement System of New Jersey. The State of New Jersey, as a nonemployer, is required to pay the additional costs incurred by local employers under Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The June 30, 2018 State special funding situation net pension liability amount of \$1,838,050,687 is the accumulated difference between the annual actuarially determined State obligation under the special funding situation and the actual State contribution through the valuation date. Since the local employers do not contribute under this legislation directly to the plan (except for employer required contribution amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local employers related to this legislation. However, the notes to the financial statements of the local employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the collective net pension liability that is associated with the local participating employer.

Actuarial Assumptions

The collective total pension liability for the June 30, 2018 measurement date was determined by an actuarial valuation as of July 1, 2017, which rolled forward to June 30, 2018. This actuarial valuation used the following assumptions:

Inflation	2.25 Percent
Salary Increases:	
Through 2026	2.10 - 8.98 Percent (based on age)
Thereafter	3.10 - 9.98 Percent (based on age)
Investment Rate of Return	7.00 Percent

Mortality Rates

Preretirement mortality rates were based on the RP-2000 Preretirement mortality tables projected thirteen years using Projection Scale BB and then projected on a generational basis using the plan actuary's modified 2014 projection scales. Post-retirement mortality rates for male service retirements and beneficiaries are based on the RP-2000 Combined Healthy Mortality Tables projected one year using Projection Scale AA and two years using the plan actuary's modified 2014 projection scales, which was further projected on a generational basis using the plan actuary's modified 2014 projection scales. Post-retirement mortality rates for female service retirements and beneficiaries were based on the RP-2000 Combined Healthy Mortality Tables projected thirteen years using Projection Scale BB and then two years using the plan actuary's modified 2014 projection scales, which was further projected on a generational basis using the plan actuary's modified 2014 projection scales. Disability mortality rates were based on special mortality tables used for the period after disability retirement.

The actuarial assumptions used in the July 1, 2017 valuation were based on the results of an actuarial experience study for the period July 1, 2010 to June 30, 2013.

Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2018) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PFRS's target asset allocation as of June 30, 2018 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>

Police and Firemen's Retirement System (PFRS) (Continued)

Discount Rate

The discount rate used to measure the total pension liability was 6.51% as of June 30, 2018. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.87% as of June 30, 2018 based on the *Bond Buyer* Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be made based on the contribution rate in the most recent fiscal year. The local employers contributed 100% of their actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2062. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2062, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of The Collective Net Pension Liability to Changes in the Discount Rate

The following presents the collective net pension liability inclusive of the Special Funding situation of the participating employers as of (*measurement dates*) June 30, 2018, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is one percentage point lower or one percentage-point higher than the current rate:

8. DEFINED CONTRIBUTION RETIREMENT PROGRAM

Description of System

The Defined Contribution Retirement Program (DCRP) was established on July 1, 2007 for certain public employees under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007. The program provides eligible members, with a minimum base salary of \$1,500.00 or more, with a tax-sheltered, defined contribution retirement benefit, in addition to life insurance and disability coverage. If the eligible elected or appointed official will earn less than \$5,000.00 annually, the official may choose to waive participation in the DCRP for that office or position.

The DCRP is jointly administered by the Division of Pensions and Benefits and Prudential Financial.

This retirement program is a new pension system where the value of the pension is based on the amount of the contribution made by the employee and employer and through investment earnings. It is similar to a Deferred Compensation Program where the employee has a portion of tax deferred salary placed into an account that the employee manages through investment options provided by the employer.

The law requires that three classes of employees enroll in the DCRP, detailed as follows:

- All elected officials taking office on or after July 1, 2007, except that a person who is reelected to an elected office held prior to that date without a break in service may remain in the Public Employees' Retirement System (PERS).
- A Governor appointee with the advice and consent of the Legislature or who serves at the pleasure of the Governor only during that Governor's term of office.
- Employees enrolled in the PERS on or after July 1, 2007 or employees enrolled in the PFRS after May 21, 2010 who earn salary in excess of established "maximum compensation" limits.
- Employees otherwise eligible to enroll in the PERS on or after November 2, 2008 who do not earn the minimum salary for PERS Tier 3, but who earn salary of at least \$5,000.00.
- Employees otherwise eligible to enroll in the PERS after May 21, 2010, who do not work the minimum number of hours per week required for PERS Tier 4 or Tier 5 enrollment (32 hours per week) but who earn salary of at least \$5,000.00 annually.

Notwithstanding the foregoing requirements other employees, who hold a professional license or certificate or meet other exceptions, are permitted to remain to join or remain in PERS.

Contributions Required and Made

Contributions made by employees for DCRP are currently at 5.5% of their base wages. Member contributions are matched by a 3.0% employer contribution. In addition, employees contributed for Group Term Life Insurance. There is no matching employer contribution required.

During the year 2018, there were sixty-one (61) to eighty-five (85) employees enrolled in the DCRP.

Contributions to the Plan for the past three (3) years are as follows:

<u>Year</u>	<u>Township</u>	<u>Employees' Contributions</u>	
		<u>DCRP</u>	<u>Group Term Life Insurance</u>
2018	\$ 40,476.46	\$ 80,090.80	\$ 15,085.35
2017	42,837.22	90,124.60	
2016	27,951.00	55,902.45	

9. POST-EMPLOYMENT BENEFITS OTHER THAN PENSION

Plan Description

The Township of Irvington, by contractual agreement, provides medical benefits to Township employees who retire in accordance with the Police and Firemen's Retirement System. The Township also provides medical coverage to surviving spouses and their eligible dependents of any officer retiring with 25 years or more of service. Such coverage expires when the spouse becomes eligible for Medicare at which time the Township will pay the Part B premium.

In addition, by resolution of the Township Council, the Township provides medical benefits to other retired employees with 25 years of service and to their surviving spouses and eligible dependents. The Township will also reimburse the retired employee for Medicare Part B premiums when they become eligible for Medicare.

The Township will also provide medical coverage to employees that retire on disability prior to obtaining 25 years of service at discounted rates.

Actuarial Valuation

An actuarial valuation for the annual payment for currently retired employees and the future costs for these employees is \$7,343,914.00 as of December 31, 2018.

10. MUNICIPAL DEBT

The Local Bond Law governs the issuance of bonds and notes to finance general capital expenditures. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Township are general obligation bonds, backed by the full faith and credit of the Township. Pursuant to N.J.S.A. 40A:2-8, bond anticipation notes, which are issued to temporarily finance capital projects, cannot be renewed past the third anniversary unless an amount equal to at least the first legal requirement is paid prior to each anniversary and must be paid off within ten years and five months or retired by the issuance of bonds.

13. DEFERRED COMPENSATION PLAN

The Township of Irvington offers its employees a deferred compensation plan created in accordance with the provisions of N.J.S. 43:15B-1 et seq., and the Internal Revenue Code, Section 457. The plan, available to all municipal employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until terminations, retirement, death or unforeseeable emergency.

Statutory and regulatory requirements governing the establishment and operation of Deferred Compensation Plans have been codified in the New Jersey Administrative Code under the reference N.J.A.C. 5:37.

The "Small Business Job Protective Act of 1996" revised several provisions of Section 457 of the Internal Revenue Code. A provision of the act required that all existing plans be modified to provide that the funds be held for the exclusive benefit of the participating employees and their beneficiaries. The Township of Irvington authorized such modifications to their plan by resolution of the Township Council.

The Deferred Compensation Plan is administered by the Hartford Variable Annuity Life Insurance Company, Nationwide and City Street Incorporated.

14. RISK MANAGEMENT

Self-insurance funds for Workers' Compensation and Health Benefits were established by resolutions of the Township Council on December 31, 1981 and July 12, 1983, respectively. The Township of Irvington is self-insured to the extent of deductibles for excess insurance coverage.

During the year ended December 31, 2018, activity of these funds are shown on Exhibit B-15.

Excess insurance coverage currently in force is carried for Workers' Compensation and Health Benefits with specified limits detailed as follows:

Workers' Compensation:

1. Specific Loss:

The Township can pay no more than \$500,000.00 for any one accident or occurrence. Above that amount, insurance coverage will pay further benefits to the extent of \$7,000,000.00.

Health Benefits:

1. Specific Loss:

The Township can pay no more than \$175,000.00 for any one accident or occurrence. Above that amount, insurance coverage will pay further benefits to the extent of \$825,000.00.

2. Aggregate Loss:

Total losses exceeding was estimated at \$25,573,068.92 for the year ended December 31, 2018 and will be covered by insurance to the extent of \$1,000,000.00.

There have been no provisions included in the financial statements for claims incurred but not reported as of December 31, 2018.

In addition, the Township of Irvington is self-insured with respect to state unemployment compensation claims under the State reimbursement method and there was a report dated March 22, 2018 that indicated estimated cost for net post-employment benefits (OPEB) under GASB No.45 as of December 31, 2018 in the amount of \$6,259,857.00.

15. DEFERRED CHARGES TO BE RAISED IN SUCCEEDING YEARS BUDGETS

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2018, the following deferred charges are shown on the Current Fund balance sheet:

16. CASH HELD BY STATE OF NEW JERSEY

The amount of \$4,750,413.06 represents the Township's share for debt service for the period January 1, 2019 to June 30, 2019 that was allocated under the Qualified Bond Act by the State of New Jersey for the Calendar Year 2019.

17. CONTINGENT LIABILITIES

a. Compensated Absences

The policy of the Township of Irvington concerning unused sick and vacation days, as well as compensating time, is summarized as follows:

- Upon separation (not retirement) an employee would be compensated for any unused vacation days and any compensatory time accumulated but nothing for unused sick days.
- In cases of prolonged illness, an employee would be paid up to the number of sick days accumulated.
- Upon retirement, an employee (except for police and fire) would be paid for one-half of his accumulated sick days, limited to \$8,500.00, plus payment, in full, for unused vacation days and compensatory time.

The future liability for compensated absences was estimated at \$4,861,789.00. This amount was not verified by audit.

Provisions for the above are not reflected on the financial statements of the Township.

17. CONTINGENT LIABILITIES (Continued)

b. Tax Appeals

Assessed Valuations for the last several years were subject to approximately one hundred sixty-five (165) tax appeals pending in the Tax Court of New Jersey on December 31, 2018. The estimated liability on the tax appeals per the Tax Assessor is undeterminable.

Judgments favorable to the taxpayers generally extend to two years following the year judged and would also subject the Township to a liability for statutory interest on the amount of taxes refunded from the date of payment to the date of refund (R.S. 54:3-27.2).

County taxes paid on the reductions in assessed valuations are subject to credits against the County tax levy of the year subsequent to the year in which the appeals are adjudicated.

c. Federal and State Awards

The Township participates in several federal and state grant programs which are governed by various rules and regulations of the grantor agencies; therefore to the extent that the Township has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectibility of any related receivable at December 31, 2018, may be impaired. In the opinion of management, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provisions have been recorded in the accompanying statutory basis financial statements for such contingencies.

d. Due to State of New Jersey

A restructuring of Irvington Township's school bonds occurred in 2002 and 2003. The Township received debt service aid for these school bonds between 2002 and 2007 based on the pre-financing principal and interest payments. A state aid overpayment in the amount of \$8,156,849.86, which is to be refunded to the State, was the result of the pre-financing payment schedule being utilized. The repayment method will consist of annual payments in the amount of \$407,842.00 over a period of twenty years which began in fiscal year 2009 which was deducted from the Township's debt service aid.

e. Arbitrage Rebate Calculation

In 1985, under the Tax Reform Act, the Arbitrage Rebate Law went into effect requiring issuers of tax-exempt debt obligations to rebate to the Federal Government all of the earnings in excess of the yield on investments or proceeds of such debt issuances (the "Rebate Arbitrage"). The Rebate Regulations apply to obligations issued after August 31, 1986. The arbitrage rebate liability must be calculated every installment computation date (last day of the fifth bond year) or earlier if the bonds are retired, defeased or refunded and pay at least 90% of the rebatable arbitrage (plus any earnings thereon) within 90 days from such date.

f. Payments in Lieu of Taxes (PILOT)

Under N.J.S.A. 40A:20-12, each municipality is required to annually remit to the County five percent (5%) of the annual service charge for each long-term PILOT financial agreement entered into by the municipality.

g. Litigation

The Township Attorney's letter did not indicate any litigation, claims or contingent liabilities that are either not covered by the Township's insurance carrier or would have a material financial impact on the Township.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

The Honorable Mayor and Members
of the Township Council
Township of Irvington
Irvington, New Jersey 07111

We have audited the financial statements - regulatory basis of the various funds of the Township of Irvington, in the County of Essex, as of and for the years ended December 31, 2018 and December 31, 2017, and the related notes to the financial statements - regulatory basis and have issued our report thereon dated December 30, 2019. These financial statements - regulatory basis have been prepared in conformity with accounting principles prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements - regulatory basis, we considered the Township of Irvington's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements - regulatory basis, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control.

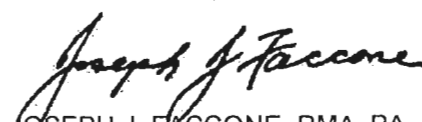

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Township's financial statements - regulatory basis will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider Finding Number 2018-1, described in Part II of the accompanying Schedule of Findings and Questioned Costs, to be a material weakness in internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses and other deficiencies, Finding Number 2018-2 that we consider to be a significant deficiency.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 30, 2019 on our consideration of the Township of Irvington's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township of Irvington's internal control over financial reporting and compliance.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL
PROGRAM, AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE AND REPORT
ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED
BY THE UNIFORM GUIDANCE**

The Honorable Mayor and Members
of the Township Council
Township of Irvington
Irvington, New Jersey 07111

Report on Compliance for Each Major Federal Program

We have audited the Township of Irvington in the County of Essex, State of New Jersey, compliance with the types of compliance requirements described in the Uniform Guidance that could have a direct and material effect on each of the Township's major federal programs for the year ended December 31, 2018. The Township's major federal programs are identified in the *Summary of Auditor's Results* section of the accompanying *Schedule of Findings and Questioned Costs*.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Township's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Township's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on the Township's compliance.

Opinion on Each Major Federal Program

In our opinion, the Township of Irvington complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2018.

Report on Internal Control Over Compliance

Management of the Township of Irvington is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Township's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Township of Irvington's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report is solely to describe the scope of our testing of internal controls and compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this communication is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by Uniform Guidance

We have audited the financial statements - regulatory basis of the Township of Irvington as of and for the year ended December 31, 2018, and the related notes to the financial statements which collectively comprise the Township's basic financial statements. We have issued our report thereon dated December 30, 2019, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements - regulatory basis. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED DECEMBER 31, 2018**

1. GENERAL

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal programs of the Township of Irvington, County of Essex, New Jersey for the year ended December 31, 2018. All federal and state financial assistance received directly from federal agencies as well as federal and state financial assistance, passed-through other government agencies, is included on the Schedule of Expenditures of Federal Awards. The information in this schedule is presented in accordance with the requirements of Uniform Guidance. Because this schedule presents only a selected portion of the operations of the Township, it is not intended to and does not present the financial position of the Township.

2. BASIS OF ACCOUNTING

The accompanying Schedule of Expenditures of Federal Awards is presented on the prescribed basis of accounting, modified accrual basis with certain exceptions, prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with the budget laws of New Jersey, which is a comprehensive basis of accounting, other than generally accepted accounting principles. The basis of accounting, with exception, is described in Note 1 to the Township's regulatory basis financial statements.

3. RELATIONSHIP TO FINANCIAL STATEMENTS

Amounts reported in the accompanying schedule agree with amounts reported in the Township's financial statements. These amounts are reported in either the Current Fund, Trust Fund or General Capital Fund. Matching contributions expended by the Township in accordance with terms of the various grants are not reported in the accompanying schedule.

Section II - Financial Statement Audit - Reported Findings Under Government Auditing Standards

Finding 2018-1:

Condition:

The Township maintains a computerized general ledger for all funds. As of December 31, 2018, the General Ledger for all funds did not agree with various subsidiary ledgers. Cash receipts as posted contained numerous errors and did not agree with the Collector's reports, department turnovers or bank reconciliations. In addition, cash disbursements were not recorded and/or incorrectly posted.

In our judgment, this finding is considered to be a material weakness.

Criteria:

Technical Accounting Directive No. 85-3, issued by the State of New Jersey, Division of Local Government Services, requires all municipalities to establish and maintain a general ledger. Provisions of the "Single Audit Act", and Generally Accepted Accounting Procedures, also require the use of a general ledger. The general ledger is the official permanent financial record of the local unit and provides a summary of all financial transactions. It supports the "fund" basis of accounting as prescribed by the State of New Jersey.

Cause:

These deficiencies appear to be as a result of a general lack of oversight control and accountability in regards to the General Ledger.

Effect:

Precludes the Chief Financial Officer from proving control totals to the detail for all major accounts within all funds of the Township. The major accounts include Cash and Cash Equivalents, Taxes Receivable, Improvement Authorizations, Appropriations, Appropriation Reserves, Interfunds, Other Reserves and Liabilities.

Recommendations:

That General Ledgers be properly maintained for all funds and reconciled monthly to detailed subsidiary ledgers.

That consideration should also be given to documenting all procedures in the Finance Office to enhance the operations.

**Section II - Financial Statement Audit - Reported Findings under *Government Auditing Standards*
(Continued)**

Finding 2018-2:

Condition:

Our review of cash reconciliations noted the following:

- Cash reconciliations for various accounts contained numerous reconciling items which were carried forward each month without change.
- Cash reconciliations were not in agreement with general ledger balances.
- Outstanding check listings contained numerous errors.
- It appears that the bank reconciliations were not prepared on a timely basis.

In our judgment, this finding is considered to be a significant deficiency.

Criteria:

Cash reconciliations are required to be prepared on a monthly basis and be in agreement with general ledger balances.

Cause:

The lack of proper review and control by Township officials.

Effect:

Possible misappropriation of funds.

Recommendations:

That more care be exercised in the preparation of Township cash reconciliations.

That cash reconciliations be prepared on a timely basis.

**SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS
FOR THE YEAR 2018**

Section IV - Summary Schedule of Prior Year Audit Findings:

Finding 2017-1, 2016-1:

Condition:

The Township maintains a computerized general ledger for all funds. As of December 31, 2017, the general ledger did not agree with various subsidiary ledgers. Cash receipts, as posted, contained numerous errors and did not agree with collector's reports, department turnovers or bank reconciliations.

In our judgment this finding is considered to be a material weakness.

Recommendation:

That all General Ledgers be properly maintained for all funds and reconciled monthly to detailed subsidiary ledgers.

That consideration should also be given to documenting all procedures in the Finance Office to enhance the operations.

Current Year Status:

Unchanged.

Contracts and Agreements Required to be Advertised for (N.J.S. 40A:11-4 - as Amended)

N.J.S. 40A:11-4a states "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder."

It is pointed out that the governing body of the Township has the responsibility of determining whether the expenditures in any category will exceed the threshold set for the fiscal year and, where question arises as to whether any contract or agreement might result in violation of the statute, the opinion of the Township Attorney should be sought before a commitment is made.

The threshold was \$40,000.00 for 2018.

Notwithstanding N.J.S.A. 40A:11-3a, P.L. 2005, Chapter 51 and N.J.S.A. 19:44A-20.5, known as the "Pay-to-Play Law" provides that a municipality is prohibited from executing any contract in excess of \$17,500.00, on or after January 1, 2006, to a business entity that made certain reportable contributions to any municipal committee of a political party if a member of that party is in office as a member of the governing body of the municipality when the contract is awarded unless proposals or qualifications are solicited through a fair and open process.

It is further noted that contracts between \$17,500.00 and the municipal bidding threshold, known as "window contracts", can be issued by resolution of the governing body without competitive bidding if a non-fair and open process is implemented which prohibits reportable contributions by the business entity.

The minutes indicate that bids were requested by public advertising for the following items:

- Fuel
- Road Materials
- Telecommunication
- Payroll Processing Services
- Pest Control and Management Services
- E-Ticketing System
- Purchase of Vehicles and Equipment - Various Departments
- Road Resurfacing
- Summer Food Services
- Emergency Sewer Repairs
- Computer IT Support Services
- Solid Waste
- Animal Control Service
- Recyclables

The minutes indicate that proposals were solicited for professional services in accordance with the provisions of N.J.S.A. 19:44A-20.5.

It was noted during our test of expenditures that there were several items and/or services purchased prior to purchase orders being issued.

It is recommended that purchase orders be issued prior to goods and/or services being rendered.

Collection of Interest on Delinquent Taxes

N.J.S. 54:4-67, as amended, provides the method for authorizing interest and the maximum rate to be charged for the nonpayment of taxes on or before the date when they would become delinquent.

The Governing Body on January 1, 1981 adopted the following resolution authorizing interest to be charged on delinquent taxes.

"WHEREAS, the Legislature of the State of New Jersey has amended the Revised Statutes of New Jersey so that municipalities may increase the interest rate of delinquent taxes; and

WHEREAS, the Township of Irvington may establish the interest rate for delinquent taxes paid; and

WHEREAS, by extending the eight percent tax delinquency rate to the first \$1,500.00 rather than to the first \$1,000.00 the Township of Irvington recognizes the depressed state of the economy and in recognition of the necessity of the Township of Irvington in assisting the small property owner in maintaining his tax payments; and

WHEREAS, in this time of high interest rates the Township of Irvington finds it necessary to discourage the borrowing of tax money from the Township of Irvington at less than market rate by the failure of a large property owner to pay on a timely basis.

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE TOWNSHIP OF IRVINGTON that, effective as of the date listed in this Resolution, the interest rate for delinquent taxes shall be 8% on the first \$1,500.00 taxes delinquent more than ten calendar days following the date upon which the same became payable and 18% per annum on any amount in excess of \$1,500.00 taxes delinquent more than ten calendar days following the date upon which the same became payable and 18% per annum on any amount in excess of \$1,500.00 to be calculated from the date the tax was payable until the date of the actual payment; and

BE IT FURTHER RESOLVED that said Resolution shall become effective as of January 1, 1981."

On June 10, 1991 the Governing Body also adopted the following resolution:

"WHEREAS, Governor Florio has recently signed into law Bills that change the amount of interest rate or penalties capable of being charged on account of delinquent taxes and sewer as well as the amount required to redeem Tax Sale Certificates; and

WHEREAS, the amendment to N.J.S.A. 54:4-67 the Governing Body may, at its discretion, establish an additional penalty of 6% of the delinquency in excess of \$10,000.00 and said delinquency is now to be calculated on the sum of all taxes and sewer from year to year and not on an individual year basis; and

WHEREAS, said amendment to N.J.S.A. 54:5-61, a municipality holding a Tax Sale Certificate may charge a 2% penalty on the amount due over \$200.00 up to \$5,000.00, 4% up to \$10,000.00 and 6% in excess of \$10,000.00. These penalties are effective as of March 29, 1991, and are respectively applicable to all Tax Sale Certificates presently held by the Township as well as those which may be subsequently required by the Township as a result of future Tax Sales;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE TOWNSHIP OF IRVINGTON that the Tax Collector is hereby directed to implement the aforesaid penalties per the amendments to N.J.S.A. 54:4-67 and N.J.S.A. 54:5-61."

Our review of the records of the Tax Collector indicated that interest for taxes was generally collected in accordance with the provisions of the foregoing resolutions.

Collection of Interest on Delinquent Sewer Charges

The Governing Body on December 13, 1977 adopted Ordinance Number MC 2517 establishing the liability per payment of sewer charges and the interest thereon. This ordinance was subsequently amended on August 14, 1979 by Ordinance Number MC 2575 to read as follows:

"BE IT ORDAINED by the Municipal Council of the Township of Irvington:

Section 1. All charges established and provided for herein shall be assessed against the owners of the property from which said sewage or waste water emanates, respectively, and shall be collected annually by the Township of Irvington, New Jersey, and shall be paid by the user on or before August 15.

Section 2. Such charges shall draw the same interest from the time they become due as taxes upon real estate in the municipality and shall be a lien upon the premises until paid, and the municipality shall have the same remedies for the collection thereof, with interest, costs and penalties as it has by law for the collection of taxes upon real estate.

Section 3. All sums collected under the terms of this Article shall be applied by the Township of Irvington, New Jersey, for reimbursement of such sums advanced by it to the Joint Meeting as the result of estimates made and assessments levied by said Joint Meeting for the cost of operation and maintenance of the joint trunk sewer and treatment works, including appurtenances, as set forth in S1671-8 hereof."

Our review of the records of the Tax Collector indicated that interest on delinquent sewer bills was generally collected in accordance with the provisions of the foregoing ordinance.

Tax Title Liens

A tax sale was conducted on December 27, 2018 for the Year 2018.

The tax sale was not complete.

The following comparison is made of the number of Tax Title Liens Receivable for the following periods ended:

<u>Year</u>	<u>Number of Liens</u>
2018	663
2017	789
2016	1,243

Recourse to all means provided by the statutes should be taken to realize or eliminate tax title liens through collection or foreclosure in order to return such property to a tax paying basis.

Tax Collector

During 2018, the Tax Office did not accurately maintain a cash receipts book and/or prepare monthly cash reports. In addition, a list of uncollectible taxes report was not prepared and presented to the Municipal Council, as required by R.S. 54:4-91 and 91-1.

Overpayments for taxes that have been refunded by the Department of Finance were not posted on the records maintained by the Tax Office in a timely manner. As a result there were six (6) instances whereby the Tax Office authorized a tax refund in excess of amount paid by the taxpayer. In addition, there were numerous instances where the Tax Office did not correctly record all State Tax Court Judgments and the refund of taxes. We found that various monthly reports were prepared from the records maintained by the Tax Office, whereby the ending balance of one month was not the beginning balance of the subsequent month.

The collection of funds by the Tax Office are recorded by user/batch number for each day in the general ledger. However, the collection of funds posted for one day were combined with several other deposits. In addition, funds collected by the Tax Office were not deposited within 48 hours.

In addition, a cash report for 2018 was not in agreement with the individual tax reports. We noted that adjustment reports provided for audit were not in agreement with the status audit totals for taxes, tax title liens, sewer charges, sewer lien charges and special charges.

Our review of prior years' taxes receivable indicated that the Tax Collector's Office has not reviewed annually all open filings of bankruptcy.

The Tax Office did not generate any reports on a monthly basis which resulted in the amounts collected per the Tax Collector's cash report not agreeing with individual computer reports.

A review of various adjusted reports indicated that adjustments for cash received from one year were combined with multi-entries of several years. In addition, a condensed lien report was prepared by the Tax Officer that included taxes, special improvements, senior citizens, cost of sale, clean up receivables and special charges. The amounts listed by various properties should be reported in their respective receivable reports.

For 2018, bank reconciliations were not accurately performed.

There were several months whereby all funds collected by the Tax Office were not remitted to the Finance Office on a monthly basis..

It was noted that authorized installment tax payment plans approved by resolutions of the Township's governing body were not reviewed by the Tax Department for compliance.

It was noted that there were thirty-four (34) resolutions of the Governing Body that authorized the cancellation of prior year taxes with the properties being deeded to the Township. In addition to the four (4) properties for the 2017 year, there remains fourteen (14) properties that have not been transferred to the Township.

It is recommended:

That a complete tax sale be held.

That the Tax Office maintain an accurate cash receipt book and prepare monthly cash reports.

That the Tax Office file and present a list of the uncollectible taxes report to the Municipal Council.

That the Tax Office record all tax refunds disbursed for the year in a timely manner.

That the Tax Office collect all excess tax overpayments refunded.

That the Tax Office receive additional training for the proper use of the tax software program.

That bank deposits be in agreement with daily posted receipts.

That the Tax Office cash receipts report be proven to all receivable reports on a monthly basis.

That the Tax Office prepare adjustment reports to be reconciled to all receivable reports on a monthly basis.

That the Tax Office review all receivable reports for items eligible to be collected.

That the Tax Office prepare all receivable reports on a monthly basis.

That the Tax Office properly classify charges to their various receivable reports.

That monthly bank reconciliations be accurately performed.

That all funds collected by the Tax Office be transferred to the Finance Office on a monthly basis.

That authorized installment tax payment plans be reviewed by the Tax Department for compliance with approved resolutions.

That the Tax Office obtain the necessary documents to transfer all the deeded properties to Township-owned property.

Special Improvement Districts

The Township of Irvington established by ordinance two special improvement districts known as the Camptown Business Improvement District and the Springfield Avenue Center Special Improvement District. As required by provisions of each ordinance, an annual budget must be prepared and submitted to the Township Council for approval. Subsequent to the adoption of the budget, a tax rate is required to be used in the calculation of a special assessment tax for each commercial property located within the district.

It is further noted that district assessed valuations and tax rates were forwarded to the Essex County Board of Taxation for appropriate disclosure.

Revenue Collection Departments

The following exceptions were noted during the course of our audit of the Township Revenue Departments:

Turnovers of revenue collections in the Fire Department, Police Department, Public Works Department, Housing Department, Licensing Department, Zoning Department, and Construction Code Official were not in compliance with the provisions of N.J.S.A. 40A:5-15 "*Deposits of Funds Paid to the Local Unit*".

The Cash Receipts Book for the Taxi Unit, Police Department, Housing Department and Licensing Department was not available for audit.

Marriage License fees were not submitted to the State of New Jersey on a timely basis.

Funds collected through on-line system payments for Neighborhood Preservation, Housing and Licensing Departments were not recorded in their respective cash receipts books.

Comments with respect to the Construction Code Official are detailed as follows:

- Quarterly DCA Training Fee Reports were not submitted to the State of New Jersey on a timely basis.
- Permit fee logs, monthly reports and turnover slips were not in agreement. Additionally, monthly reports and permit fee logs were not mathematically correct.
- Consecutively numbered permits are not issued for fees that are not required to be included on the State Permit Fee Logs.
- The Uniform Construction Code Reports were filed in 2019 with the State of New Jersey for the Years 2017 and 2018. However, the amounts reported on the Uniform Construction Code Report were not in agreement with the financial records maintained by the Department of Finance.

The Public Works Department prepared invoices for violations for lot clearing and maintenance that were remitted to various property owners and recorded by the Tax Office. Since the Department did not retain copies of invoices we were unable to verify the amounts billed by the Tax Office.

It is recommended:

That the Fire Department, Police Department, Public Works Department, Housing Department, Licensing Department, Zoning Department and Construction Code Official comply with the provisions of N.J.S.A. 40A:5-15.

That the cash receipts book for the Taxi Unit, Police Department, Housing Department and Licensing Department be available for audit.

That marriage license fees be remitted on a timely basis.

That funds collected through on-line system payments for all departments be recorded in their respective cash receipt books.

That the DCA Training Fees collected by the Construction Code Official be submitted to the State of New Jersey on a timely basis.

That the Construction Permit Report and the Transaction Audit Report prepared by the Construction Code Official be in agreement on a monthly basis.

That more care be exercised by the Construction Code Official in the preparation of Permit Fee Logs, Monthly Reports and Turnover Forms.

That the Construction Code Official issue consecutively numbered permits for all fees collected.

That the Public Works Department maintain and record all invoices that are issued for lot clearings and maintenance violations.

That the amounts recorded on the Uniform Construction Code Report and the Township's financial records be in agreement.

Cash

Deposits:

Funds collected by the Finance Department were not deposited in accordance with the provisions of N.J.S.A. 40A:5-15.

Outstanding Checks:

A review of the Township's bank reconciliations revealed numerous checks dated prior to December 31, 2018 for the Current Fund and Other Trust Fund. Checks outstanding in excess of twelve months are considered stale and may not be honored by the bank. Periodically, stale dated checks should be reviewed and cancelled or other appropriate action taken.

Bank Accounts:

Our review of the cash accounts for the Current, Animal Control, Trust and Capital Funds has indicated that the Township maintains approximately twenty-five (25) bank accounts. There are several bank accounts that have been inactive for a number of years. The Township's administration should review inactive bank accounts.

Cash Reconciliations:

Our review of cash reconciliations noted the following:

- . Cash reconciliations for the various accounts contained numerous reconciling items which were carried forward each month without change.
- . Cash reconciliations were not in agreement with general ledger balances.

- . Outstanding check listing contained numerous errors.
- . Postage, bank service charges and rental fees associated with credit card transactions of the Municipal Court were not recorded and classified as expenditures.
- . Bank reconciliations were not prepared on a timely basis.

It is recommended:

That the Finance Department comply with the provisions of N.J.S.A. 40A:5-15.

That more care be exercised in recording and classifying expenditures.

That outstanding checks over one year old be reviewed and appropriate action be taken, including a resolution approved by the Municipal Council.

That more care be exercised in the preparation of Township cash reconciliations.

That cash reconciliations be prepared on a timely basis.

Other Items

We noted that goods and services were paid by wire transfers. Payment of expenditures by wire transfers are not in conformity with the Payment of Claims Ordinance.

We noted that revenues collected through the on-line system for all departments were neither recorded accurately nor on a monthly basis by the Department of Finance.

It is recommended:

That the Payment of Claims Ordinance be reviewed as to determine whether the payment of expenditures by wire transfers be allowed.

That all revenue collected through the on-line system be accurately recorded on a monthly basis.

General Ledger

Technical Accounting Directive No. 85-3, issued by the State of New Jersey, Division of Local Government Services, requires all municipalities to establish and maintain a general ledger. Provisions of the "Single Audit Act" and Generally Accepted Accounting Procedures also require the use of a general ledger. The general ledger is the official permanent financial record of the local unit and provides a summary of all financial transactions. It supports the "fund" basis of accounting as prescribed by the State of New Jersey.

The Township maintains a computerized general ledger for all funds. As of December 31, 2018, the general ledger did not agree with the various subsidiary ledgers. Cash receipts and disbursements, as posted, contained numerous errors and did not agree with the Collector's reports, department turnovers or bank reconciliations.

Adjustments for the following were not summarized for appropriate general ledger entry:

- . County and State Board Judgments
- . Overpayments
- . Senior Citizen and Veteran Deductions
- . Municipal Cancellations

When the internal operations do not allow management or employees to prevent or detect a misstatement of the financial statements on a timely basis, a control deficiency exists. Control deficiencies may either be a significant deficiency or a material weakness. By definition, a material weakness "is a combination of control deficiencies that adversely affects the entity's ability to initiate, authorize, record, process or report financial data reliably such that there is more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected", except for the tax levy, there were no tax adjustments recorded in the general ledger.

The aforementioned comments regarding internal control can be classified as a material weakness and are reported as such under the Single Audit Section of this report.

It is recommended:

That General Ledgers be properly maintained for all funds and reconciled monthly to detailed subsidiary ledgers.

That consideration be given to documenting all procedures in the Finance Office to enhance the operations.

Grant Fund

General:

A detail of Current Fund grants receivable and appropriations are reflected on Exhibits A-32 and A-33. As of December 31, 2018, there were grants receivable in the sum of \$4,045,578.29, many of which have been uncollected for several years and unexpended grant appropriations in the sum of \$1,362,641.94. In addition, the detail computer report for Grant Fund was not in agreement with the audited balances.

It is recommended that all Federal and State grants be reviewed and appropriate action taken as to collection, cancellation, expenditure or refund to the sponsoring agency in accordance with findings.

Grant Expenditure Report:

The detailed computer report for Federal and State Grants was not in agreement with the audited balance.

It is recommended that the detailed computer report for Federal and State Grants be reconciled to master controls.

There are Encumbered funds that are over one (1) year old that should be reviewed and properly liquidated.

It is recommended that all Encumbered amounts in the detailed computer report for the Grant Fund be reviewed and properly liquidated.

Animal Control Trust Fund

Our examination of Animal Control records indicated the following deficiencies:

A cash receipts book was not accurately maintained.

New Jersey State Dog Registration Fees are payable thirty (30) days after collection. Monthly reports were filed by the License Bureau. It was noted that the reports filed were neither accurate nor on a timely basis.

Turnover of revenue collections in the Animal Control were not in compliance with the provisions of N.J.S.A. 40A:5-15 "Deposits of Funds Paid to the Local Unit."

It is recommended:

That a cash receipts book be accurately maintained for animal control fees.

That the monthly State Dog Report be filed accurately and on a timely basis by the License Bureau.

Other Trust Fund

Due to State of New Jersey

Amounts Due to the State of New Jersey for Building Construction, Marriage and Burial Fees, as detailed on Exhibit B-8 herein, have remained unpaid for several years.

It is recommended that certain amounts Due to the State of New Jersey be reviewed for propriety and appropriate action taken as to payment or cancellation.

Other Deposits

Premium on tax sale and lien redemptions, reflected on Exhibit B-8 herein, do not have detailed supporting documentation.

It is recommended that a detailed list for premiums on the tax sale and lien redemptions be maintained.

Outside Employment of Off-Duty Police Officers

Our review of the records for the Outside Employment of Off-Duty Police Officers noted the following comments:

- Records for Off-Duty Police Officers are maintained by the Irvington Police Department.
- Collections received by the Police Department and transferred to the Township are not reconciled to the corresponding payroll expenditures.

It is recommended:

That collections for Off-Duty Police Fees be reconciled to corresponding payroll expenditures.

Escrow Deposits

A list of escrow deposits was not available for audit.

It is recommended that the detailed listing supporting the escrow deposits be available for audit.

CDBG Trust Fund

A review by HUD officials of certain projects resulted in disallowed costs for six (6) projects. As a result, a receivable in the amount of \$467,612.03 has been established for the disallowed costs.

It is recommended:

That the Township review the projects for proper disposition.

Urban Development Action Grant (Recycled Loan Program):

An examination of the activity of the Urban Development Action Grant Loans receivable revealed eight (8) loans currently open of which five (5) are in default. These loans total \$68,325.28 and appear on Exhibit B-3.

It is recommended that certain Urban Development Action Grant Loans be reviewed and appropriate action taken as to collection or cancellation.

General Capital Fund

In accordance with regulations of the Local Finance Board, capital ordinances over five years old cannot finance expenditures from cash not provided from its own resources. As of the date of this report, there are several ordinances over five years old that have a deficit in cash. The Township has a plan to fund the unfunded improvement authorizations over the next several years. During the month of October 2018, one (1) ordinance (MC 3674) was introduced that required a down payment of \$400,000.00. The amount required for down payment was not available at the time of the introduction of the ordinance.

It is recommended that funds for down payments required for capital ordinance be available at the introduction of an ordinance.

Payroll

The Township of Irvington has contracted with a third party payroll vendor to prepare the payroll and maintain certain payroll records. The vendor is required to pay deductions on behalf of the Township from funds transferred by the Township to the vendor's payroll account.

An audit of the service provider's payroll account was not provided to the Township nor did our staff prepare such an audit. We did review certain records provided to the Township. It should be noted however, that we could not verify required payments of Federal and State agencies made by the service vendor.

The Local Finance Board has adopted rules and regulations regarding third-party payroll vendors which are summarized in N.J.A.C. 5:30-17 and further provides authority for local governments to hire payroll service vendors to disburse funds to payroll agencies on behalf of the local unit.

In addition, Local Finance Notice 2009-18 has offered additional safeguards with respect to third party payroll services.

Comments with respect to the Net Payroll and Payroll Agency accounts are detailed as follows:

- Exhibit B-9, Payroll Deductions Payable, reflects an unidentified balance in the sum of \$1,085,569.25 as of December 31, 2018.
- Payroll deposits were not in agreement with the payroll requirements on a monthly basis.

It is recommended that effort be made to identify certain unidentified payroll funds and appropriate action be taken.

Other Post-Employment Benefits

Local Finance Notice 2007-15 requires local units that provide non-pension benefits to retired employees, such as health insurance coverage, prescription or other benefits, to disclose the annual payment for currently retired employees and future cost for those employees in the Notes to the Financial Statements.

Those municipalities that are not members of the State Health Benefits Plan or other cost-sharing plans must obtain an actuarially calculated post-employment benefit on a periodic basis for inclusion in the Notes to the Financial Statements.

The Township of Irvington maintains private health coverage and provides certain retired employees with post-employment benefits which require appropriate disclosure in the Notes to the Financial Statements in accordance with regulations promulgated by the Local Finance Board.

Expenditures

In verifying expenditures, test computations were made on claims approved and paid. No attempt was made in this connection to establish proof of rendition, character or extent of services, nor quantities, nature, propriety of prices or receipt of materials, these elements being left necessarily to internal review in connection with approval of claims.

There were several expenditures not recorded in the appropriation budgetary reports. This resulted in overexpenditures in several budgetary line items.

It is recommended that all expenditures be recorded in the appropriate budgetary reports.

Interfunds

The balance sheets of the various funds as of December 31, 2018 reflect Interfunds Receivable and Payable. Subsequent to year-end, efforts should be undertaken to review and liquidate the interfunds that have occurred.

The cause of these interfunds relate to interest earned but not remitted to the corresponding fund, disbursements made by one fund on behalf of another fund, misposting of cash receipts and lack of transferring budget revenue and/or appropriations from one fund to another.

In the case of the Current Fund, the effect of the Interfunds not being liquidated is a charge to operations (Fund Balance) and a decrease in surplus available. In other funds, the Interfunds do not represent charges to operations but should be liquidated regardless since each fund's cash requirements should stand on their own.

It is recommended that all Interfunds be liquidated on a current basis.

Municipal Court

Comments with respect to the Municipal Court are as follows:

Our tests revealed the following exceptions:

The December 2018 Monthly Management Report was examined and the following items were noted:

All tickets that have been assigned must be issued within six (6) months. The Tickets Assigned Not Issued Report indicated that six hundred eighty-one (681) tickets were not issued within six (6) months.

The Tickets Issued but Not Assigned Report indicated that seven hundred sixty-six (766) tickets were issued but not assigned.

The General Account and Bail Account cash books reflected errors.

The Township's ending balance for POAA does not agree to the Court's records.

It is recommended:

That Tickets Assigned but Not Issued in excess of six (6) months be reviewed for proper disposition.

That follow-up procedures be implemented for tickets whether issued or assigned.

That more care be utilized in the posting of the General Account and the Bail Account cash books.

That the Finance Department review the POAA Account to ensure that it agrees to the Court's records.

Corrective Action Plan

In accordance with regulations promulgated by the Single Audit Act and the Division of Local Government Services, all municipalities are required to prepare and submit to the Division of Local Government Services, a Corrective Action Plan with regard to audit deficiencies. This plan must be approved by formal resolution of the Governing Body and submitted within 60 days from the date the audit is received. A Corrective Action Plan was prepared and submitted for items found in the 2017 Report on Examination of Accounts. However, the Corrective Action Plan was not prepared within 60 days.

It is recommended that a Corrective Action Plan be prepared and submitted within 60 days after each yearly Report on Examination of Accounts is received.

Status of Prior Years' Audit Recommendations

A review was performed on all prior years' recommendations and corrective action was taken on all with the exception of those recommendations marked with an asterisk.

Miscellaneous

In verifying expenditures, test computations were made on claims approved and paid. No attempt was made in this connection to establish proof of rendition, character or extent of services, nor quantities, nature, propriety of prices or receipt of materials, these elements being left necessarily to internal review in connection with approval of claims.

Revenue and receipts were established and verified as to source and amount only insofar as the local records permitted.

A statutory report on the operations of the Municipal Court was prepared as part of our examination and copies were filed, under a separate cover, with the New Jersey Administrative Office of the Courts, Division of Local Government Services, the Municipal Court and the Township Clerk.

The comments and recommendations appearing in this report were reviewed with the Director of Revenue and Finance at an exit conference.

One copy of this report is filed with the New Jersey Division of Local Government Services.

A summary or synopsis of this report was prepared for publication and filed with the Township Clerk.
