Lead-Safe Irvington Program

2020 Eligibility Requirement

The Township of Irvington offers Two Lead Based Paint Remediation/Abatement Grants; The HUD Lead Remediation Grant and the State DCA Municipal Abatement Grant.

I. LEAD-SAFE Remediation Grant

A. About the Lead-Safe Remediation Grant

The purpose of the Lead-Based Paint Hazard Remediation Grant is to maximize the number of children, ages six (6) years and younger, protected from lead poisoning. This is done by assisting home and property owners (including landlords), detect and control lead-based paint hazards in eligible privately-owned rental or owner-occupied properties.

B. Who is eligible to apply?

A Township of Irvington Resident or Property Owner who:

1. Has a household income within the low-to-moderate limit as indicated as sufficient in the Newark, NJ HUD Metro FMR Area (HUD grant only)
Note: Grants are available for eligible households that are more than the low to Moderate Income Limits in the Lead State DCA Municipal Abatement Grant detailed on page 2
2. Provides an Elevated Blood Level (EBL) Report for a child age six (6) and younger living in the home
3. Lives in a 1 to 4 unit property home built before 1978 as an owner or renter and
4. The subject property is structurally sound

C. Eligible Amount

The property must be occupied by a family with a child with an elevated blood level throughout the affordability period of five (5) years. The subsidy is considered a grant, not a loan. Therefore, there are no interest charges or payments for the lifetime of the grant. It only becomes a loan if the household with the child, age six (6) and younger, with the elevated blood level moves out or the property is sold prior to the end of the five (5) year affordability period. The amount owed will be prorated to the end of the required affordability period of five (5) years. The property owner is required to repay a portion of the grant based upon a recapture schedule if it is sold or leased with the 5 (five) year affordability period to a non-income eligible person. The recapture provision can be found in the Lead-Based Paint Hazard Remediation and Abatement Grant Program Policy and Procedures Manual (available upon request).

D. Requirements of Property Owners After the Grant

Upon Final Approval:

1. A lien will be placed on the property for the five (5) year affordability period and recorded in the Essex County Hall of Records to assure the Lead Remediation Program funds are refunded in the event of a transfer of title or the relocation of the property owner prior to the expiration of the affordability period.
2. All payments will be made in accordance with the Township's Lead Program procedures and will require proper verifications and certifications.

II. State DCA Municipal Abatement Grant

A. About the State DCA Municipal Abatement Grant

The purpose of the State DCA Municipal Abatement Grant program is to control or eliminate all lead-based paint hazards identified in housing units and in common areas of both single family and multi-family housing; through either interim controls or lead-based paint abatement, or a combination of both. The program targets municipalities in New Jersey with high reported incidences of elevated blood lead levels in children under age six and pregnant women.

B. Who is eligible to apply?

A Township of Irvington Resident or Property Owner who:

1. Has a household income that is in excess of the low to moderate income limits, although low to moderate income households are also eligible;
2. Provides an Elevated Blood Level (EBL) Report for a child age six (6) and younger living in the home;
3. Provides a Property Hazard Report and a Notice of Violation from the Township of Irvington Health Department;
4. Lives in a 1 to 4 unit property home built before 1978 as an owner or renter and;
